DATE & LOCATION UPDATE!

After postponing Wednesday's regularly-scheduled BAM meeting to next week, we have found a temporary site for the month. With huge thanks to long-time member Dellilah Sabba, we will be meeting **THURSDAY night, January 17, on the SLAC campus in Menlo Park** at the usual 7:00 to 10:00pm time. Directions to parking and the conference room are below. The program (Ron Wolf, Colorado Mineral Belt) has not changed.

In addition to the nonstandard night of the week, note that **you must RSVP to Barb Matz (matz.barb@gmail.com) by EOB Wednesday, January 16, if you want to attend.** We will be providing a list of names to security; you will not be allowed into the complex if your name is not on the list. If you plan to carpool, list everyone who will be in the car.

We will plan to meet at SLAC even in the unlikely event the shutdown ends before Wednesday. And on that point: regardless of where you sit on the stalemate in DC, let's not forget that there are a lot of people out there getting hit with much worse than our group's inconvenience of moving a mineral club meeting, including all those fellow-rock-loving geologists and colleagues of our usual host Leslie G. at the Survey. As Leslie adds, "If you think this is a problem, write to your Congressional representatives."
